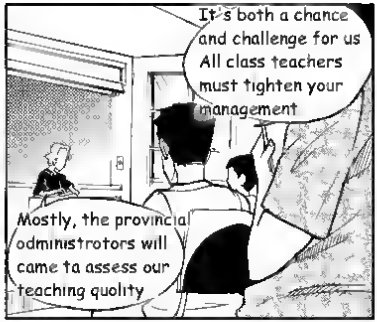
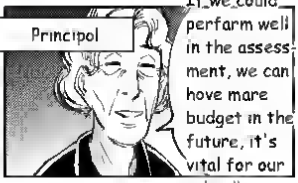
The school's schedule is tight recently, with the following key issues

Except from preparations for the new school year, the school games is in its final countdown as well
Meeting Room



It's both a chance and challenge for us All class teachers must tighten your management
Mostly, the provincial administrators will came to assess our teaching quality



Principal
If we could perform well in the assessment, we can have more budget in the future, it's vital for our school!

However, I can not rest assured about Class 5-3

Ms Wei Lan
Sigh, what should I do? Am I really letting those kids touch

Sigh, I didn't refuse in the first instance...but My sense of guilt towards Hua's family made it hard for me to say anything
I didn't know how to face Hua since I knew it was her brother who saved me
Ms Wei Lan?
and I'm secretly hoping Hua would not spread it... Ah! What a selfish person I am, I've already harmed them so much, but still only thinks for myself...

Class 5-3

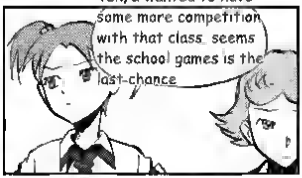
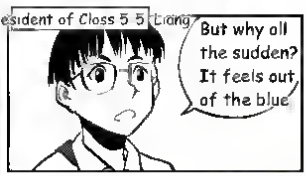
Yes, although not finally confirmed, but it's almost decided
Please
Oh, thanks
It seems to be suggested by Counsellor Xia. He's really a caring person...



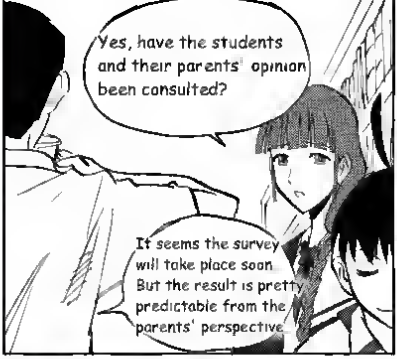
Tsk, I wanted to have some more competition with that class, seems the school games is the last chance

Fine, it may as well stop someone from worrying about others all day.
.....



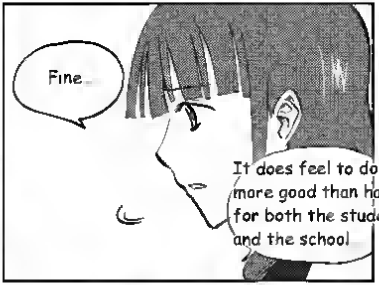
President of Class 5-5 Liang
But why all the sudden? It feels out of the blue

U17.com

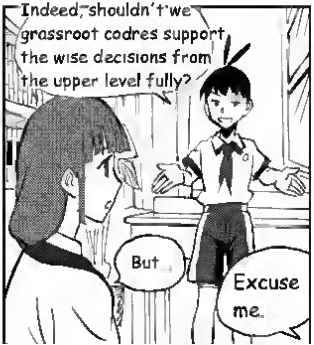


Yes, have the students and their parents' opinion been consulted?
It seems the survey will take place soon. But the result is pretty predictable from the parents' perspective.

Comrade Council President, don't you think it's a good thing?



Fine...
It does feel to do more good than harm for both the students and the school



Indeed, shouldn't we grassroot codres support the wise decisions from the upper level fully?
But...
Excuse me.

Ah, here comes our moin charocter today

U17.com

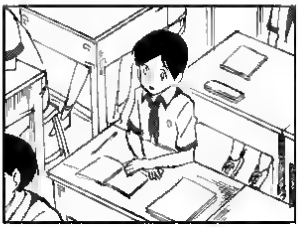
One announcement
we Class 5-3

after the school games
will be disbanded.
what?
The details are as follows
There will be an exam after the games, you will be allocated to other classes according to your exam results.
Ask the opinion of your parents tonight and bring a note with their sign tomorrow It's crucial that you let your parents know



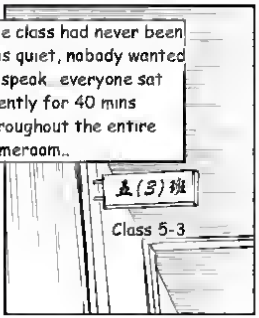
Class
don't overthink
the school has
good intentions
After that
you can have
better teachers
and classmates
with their help
you can go to
better secondary
schools

What's that
nonsense!
Anyone with a brain
knows its just they
thought our class
is too bad and tried
to hide the problem
by dissolving us!
We just started to
work together over-
coming all the difficulties
why do we have to be
separated!

Besides

Your
Majesty!?

Since tomorrow, the
physical training is
voluntary, you don't
have to come
It's been a tough
time for you, sorry



The class had never been this quiet, nobody wanted to speak. everyone sat silently for 40 mins throughout the entire homeroom..

Eunu
No Ming
...
Ming.....?
Also Don't call me Your Majesty Call me by my name
What....?
The game
is over...

Several days ago, I hurt my mum's heart deeply. I had a quarrel with her on-training.
I complained about being in the sponsor class out of anger. Mum was heartbroken.
last night mum heard about the class reallocation, she was more than happy for we'll be students of normal class.
So, mum signed.
Agree with the reallocation

Indeed, we'll get rid of the sponsor class hat.
We will be the same as other students at least not only we clean the toilet alone.
That does seem nice.

But is it possilbe? Will we be liked by others?

No! We are just separated, we'd get more contemptuous looks!

Becuase we are... we are.....!

subjugated slaves!

!!
呼
Whoosh
No jokes, I said the game is ov

What game? What game!? Why we play when you want and stop when you don't!?
Is it that you can only lord it over in front of us, but be a coward facing adults?

The content of taking down the Health Commissioner, the joy of getting the red flag, will they be gone forever!?
I am waiting to hold the winning flag of the games!
You Little

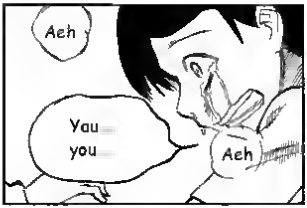
!!
嘭
BAM
Get your hands off!
Heh
Heh
Heh... you do you remember
the first sentence you spoke to me initiatively?
You asked me .'are you a eunuch?' Yes I'm weak and cowardly, a complete damn eunuch
But but
How could a monarch
be more cowardly and useless than a eunuch?

.....

Let me go!
Bastard!
!!



Aeh
Yau
you
Aeh

You know what I trained two more hours daily for?
!?

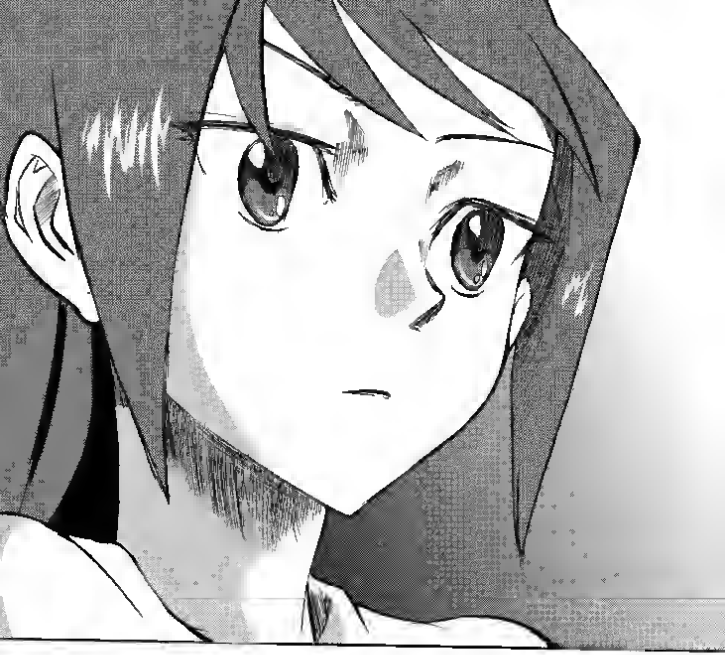
I thought it was for mum...so she would call me a man

But when yesterday, you said the training was voluntary and didn't matter

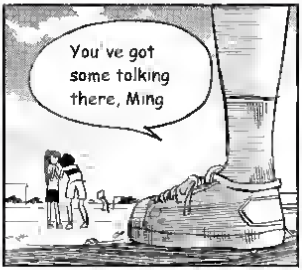
I found myself not wanting to train at all
until then did I realise...

I did it for our class! Our country!
If we can't change the adults' decision ...so what?
We've been preparing for so long, how come you give up? Your Majesty!
If the fate of subjugation can not be turned, the games will be our last battle
I don't want our class to vanish in silence. I want to taste victory because we've never tasted it.
You Majesty... Hua Your Majesty...

I'd rather die in a victory,
than live in degradation after a failure!!



U17.com



You've got some talking there, Ming

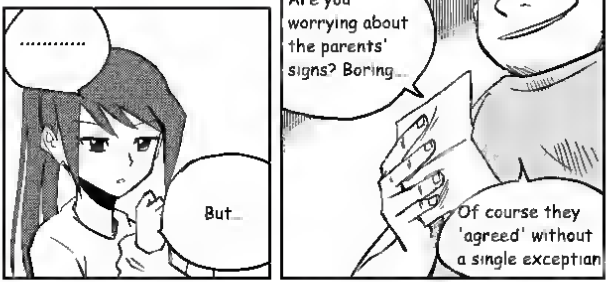
Too bad you followed the wrong boss who threw up her job at a critical time
Jun?

I have no such awareness! I just want to win and...
Boobs!
Kiss!

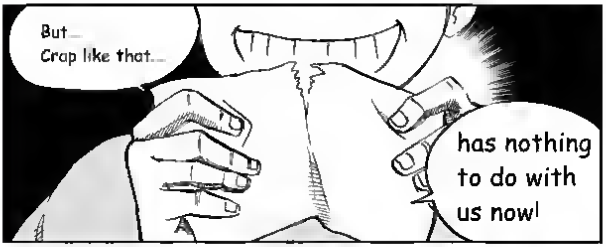
Bro Jun

Besides, I am the great general of this great war!
Without my order...

who dares to not come!?
Your Majesty! We must win!
If we win it may be a reason to revoke the reallocation!
I'm waiting to be taken back to palace!
Your Majesty
?
Let's win a heroic victory!



.....
But...
Are you worrying about the parents' signs? Boring...
Of course they 'agreed' without a single exception



But... Crap like that...
has nothing to do with us now!

Tearing
Tearing
Ripping
Tearing
Rustle
唰

U17.com

We'll just set the world on fire before we're disbanded!
Your Majesty! Look! Have you seen it? Everyone everyone is...

BOOM
轰
Extremly dangerous action, no imitation
You made Zhen's wrists swell, uncourteous Eunuch Ming
!
'Zhen'...?
'Eunuch'...?
Hee
Hee-hee
Thank you Your Majesty...
You've had difficulties, soldiers

Zhen is a weak person to lose my mind in times like that
Such shame shall be noted in history and never be forgotten!
Now soldiers
